	Arreon Carbon is pioneering the Green Development Strategy in the Chinese market. Arreon Carbon helps Chinese enterprises achieve energy savings and emission reductions, and unlock the value of their Carbon assets. Arreon Carbon also engages in the development, financing, and implementation of new technologies in alternative energy and clean energy.	

Orgnization Briefing	<p>Arreon Carbon is one of the early entrants into the Chinese CER and VER market, and has remained an active market participant. Arreon Carbon aspires to play a positive role in the transformation of the Chinese economy into a lower-carbon and greener economy, and in promoting Chinese enterprises to assume more social responsibilities.</p> <p>Arreon Carbon achieves these objectives by integrating Chinese domestic and international resources, by bringing international best practices and new technologies into China, and by introducing international carbon capital and direct investments into Chinese projects.</p> <p>Arreon Carbon has a talented professional and international team, providing an end-to-end solution to serve our clients' needs, in project development, technical support, financial analysis and legal support. Arreon Carbon team evaluates our clients' CER or VER potential, and arranges project financing for high-quality and strategic projects.</p> <p>Credit Suisse International is a strategic partner of Arreon Carbon. Credit Suisse provides Arreon Carbon with capital and credit enhancement. Credit Suisse also co-purchases Carbon credits with Arreon Carbon.</p>
