Organization Briefing	<p>We are a leading carbon asset manager specializing in carbon credits (mainly CERs and VERs) generation, sourcing and trading from renewable energy and energy efficiency projects, and we provide all kinds of carbon credits to governments and enterprises under CER/VER rules. CTC aims to use its competency in technology, environmental markets and finance to accelerate the global transition to a low-carbon economy and help governments, corporate and individuals realize sustainable development.</p> <p>What we do have integrated carbon asset management is included in carbon asset management, carbon investment advisory, project financing and carbon neutralization.</p>	

CTC long term mission of promoting climate protection projects worldwide, Close relationship with governments, DOEs and relevant consulting companies etc, Strong project financing ability, Flexible and favorable commercial structure, Strong in-house project origination experts team. CTC has contracted more than 30 CDM projects in China, and successfully completed its acquisition of ACT Carbon Capital Ltd. (ACT), which was founded in 2008 and headquartered in UK. CTC is expanding its portfolio rapidly.
