Orgnization Briefing	<p>Founded in 1911, Idemitsu is a Japanese integrated energy company mainly in the petroleum refining, chemicals and plastics production and marketing business. Idemitsu has put into practice the concept of respect for human dignity in the conduct of business and sought to be a company that lives up to the high expectations and trust of society. We believe the Group' s major role of challenge in achieving sustainable society is to prevent global warming, to minimize environmental risk and to raise efficiency of use of natural resources like petroleum.</p>
