Organization Briefing	<p>ICECAP is one of the largest buyers of CERs in the world and is a direct buyer where ICECAP act as principal so sellers will contract with ICECAP and will be paid an agreed price, without any third party fees.</p> <p>The company is incorporated in the United Kingdom and has vast experience of cooperating with Sellers of CERs from CDM projects globally, with a track record of close cooperation and completed transactions with Chinese CDM project developers. Together with our partners, we collectively gain from the CER revenue streams from CDM projects.</p> <p>ICECAP offers sellers the option of fixed price structures, or floating price structures where sellers obtain a guaranteed minimum price, and a share of the difference between the floor price and the market price on delivery.</p>
