Organization Briefing	<p>Born as a subsidiary of Hanergy Group, Cleanergy Investment Service Limited has emerged as a successful CDM developer and consultancy that provides professional "Turn Key" solutions for CDM project design, development, financing, CER trading and risk management. Distinct advantages of Cleanergy: 1. Zero-risk service for project owner Having a strong capital base with Hanergy Group, Cleanergy provides upfront payment for CDM project development that ensures zero-risk and long-term stable services for project owner. 2. Professional technical support and trading management Cleanergy has professional PDD development and CERs sales teams consist of Chinese and European specialists. Our PDD development team has abundant experience in CDM area that enables us to research and develop new methodologies. Being familiar with international trading and financing rules, our CERs sales team works closely with foreign governments, enterprises, banks and funds to put effort into the risk management of the CERs trading. 3. Good relationship with government, DOE, CDM authorities and experts 4. Outstanding business performance and experience Up to Nov 10, 2006, Rudong County Windfarm Project-China developed by Cleanergy has been registered by EB; Nalao 8 MW Small Hydropower Project, Nongnan 12.6 MW Small Hydropower Project and 12.8 MW Bundled Small Hydropower Project in Nasha and Nabin have been approved by NDRC.</p>
