Orgnization Briefing	<p>With particular emphasis on Asia, Caspervandertak Consulting (CVDTC) has been active in the climate change market since 2004. The company has built up an outstanding reputation as service provider with a clear and in-depth understanding of the carbon market instruments, the financial arrangements and possible types of transactions.</p> <p>CVDTC mainly focuses on the development of emission reduction projects. CVDTC now manages a considerable portfolio of CDM and VER projects and so far has developed or assisted more than 150 CDM projects - from PDD writing to sales of CERs/VERs and further to support of monitoring and verification of emissions reduction from projects. CVDTC provides services to most of the larger corporate actors in the carbon market as well as key international institutions in the field of climate change.</p> <p>At the beginning of 2008, CVDTC established a presence in the United States and expansion has continued with the establishment of a regional South East Asia Office in Singapore and subsidiaries in Vietnam and Indonesia.</p>
